AFS TIMELINE

100 Years of AFS

AFS Intercultural Programs began as the American Ambulance Field Service, which had its origins shortly after the outbreak of World War I. This timeline tells the story of the heroic AFS Drivers under the leadership of A. Platt Andrew in World War I and Stephen Galatti in World War II—and how AFS was transformed from a wartime humanitarian aid organization to a groundbreaking international secondary school student exchange, volunteer, and intercultural learning organization with a noble vision: to help build a more peaceful world by promoting understanding among cultures.
